

Deep Dives

Deep dives focus on specialized skills in critical areas for executing design-led innovation work at advanced levels

You've done the bootcamps and you've been around the block using design at your organization, but now it's time to step up your game. Deep dives kickstart your journey from weekend warrior to polished practitioner. Deep dives focus on specialized skills in critical areas for executing design-led innovation work at advanced levels. Select the courses that are most relevant to you and your team and customize them further with the help of our OCAD U CO team.

You will learn:

- ✓ CO-DESIGN
- ✓ FORESIGHT
- ✓ INCLUSIVE DESIGN
- ✓ LEADING INNOVATION
- ✓ STORYTELLING
- ✓ UX FOR DATA

This will help you

- Gain a deeper understanding of how to execute specific phases of a design-led innovation project
- Champion the value of design-led approaches for producing bigger and bolder innovations
- Develop creative confidence — the ability to take creative risks with the knowledge that all of the ideas you create have value

Who is this for?

Executives, managers and teams who are responsible for tackling a major challenge or building design or innovation capabilities.

Capacity: 12-30

Length: Typically 1 - 3 days
